

PATIENT ONLINE ACCESS:

If you wish to, you can use the internet to book appointments with a GP, request repeat prescriptions for any medications you take regularly and look at your medical record online.

Being able to see your record online might help you to manage your medical conditions as you will be able to information such as test results, immunisations and referrals made or letters received. If you decide not to join in or wish to withdraw, this is your choice and practice staff will continue to treat you in the same way as before.

The decision will not affect the quality of your care. However this requires additional considerations as outlined in the 'It's Your Choice' patient leaflet available from the reception desk.

You will be asked that you have read and understood this leaflet before consenting and you will need to complete an application form for online access.

At the time of application you will need to provide the practice with two forms of I.D. (One photographic and the other proof of address).

Please ask a receptionist for further details about this service.

New Patient Information

We would like to take this opportunity to gather some basic background information about your health. This will enable us to assess any treatment you may need in the near future.

Any other medical history will be transferred from your medical records when we receive them from your previous GP.

On the basis of this information you may be invited to attend an appointment for a registration medical with one of our Practice Nurse's or GP's.

**PLEASE NOTE: WE WILL NOT BE ABLE TO PROCESS YOUR
REGISTRATION WITHOUT ALL OF THE QUESTIONS BEING COMPLETED**

**Thank you for taking the time to complete this questionnaire.
Please hand your completed registration forms back to a receptionist to
check we have all the relevant information to process your registration.**

DATA SHARING:

***The NHS is moving into a new era of information sharing.
Locally we have two areas of information sharing which require
a decision from you as a patient.***

- **Summary Care Record (SCR)**
- **Enhanced Data Sharing Model (eDSM)**

***Information leaflets relating to the above data sharing areas are
included in your "New Patient Information Pack"***

PLEASE READ THESE CAREFULLY TO HELP YOU MAKE THE RIGHT DECISION FOR YOU

The Summary Care Record (SCR)

You may recall receiving a letter on the subject of the National Summary Care Record (SCR). Your SCR contains up to date information relating to your medications, any allergies and adverse reactions you have, only. You will always be asked by the clinical staff for your permission to view your SCR. (You may have already opted out of this service).

You will automatically be set up with a standard version SCR unless you opt out.

I consent to opt into the Enhanced SCR

☐

(this will include all the above plus significant medical history, anticipatory care, communication needs, immunisations and end of life care information.)

I have decided to opt out

☐

The GP surgery can no longer do this on your behalf. If you wish to opt out you will need to go to www.nhs.uk/your-nhs-data-matters or call Freephone 0300 303 5678.

Enhanced Data Sharing Model (eDSM)

This is a local information sharing initiative for Healthcare units using the same computer system as your GP Practice (SystemOne). With your permission it allows services such as District Nurses, Physiotherapy and some hospital departments, to share your **detailed** GP record. It also allows the GP to view what other units record about you, with your consent.

We have two questions for you.

Are you happy for - Information on our computer system to be seen by Clinicians treating you in other health care settings who use the same system?

YES

☐

NO

☐

Are you happy for - This practice to view the information recorded about you at other healthcare settings who use the same system?

YES

☐

NO

☐

DATA SHARING DECLARATION:

If yes please give details:

Electronic Prescription Service (EPS / ETP)

It is now possible for your repeat prescription to be sent electronically to your preferred pharmacy ready for you to collect. If you would like to sign up for this service please contact your chosen pharmacy and they can arrange this for you, unfortunately we can't do this for you at the surgery.

PLEASE NOTE: *If you had a nominated EPS pharmacy at your previous surgery please make sure you find a local pharmacy and sign up there as your prescriptions will automatically be sent to your current/previous nominated pharmacy electronically which may no longer be*
